Testimonials

The team at Paysquare understands the payroll process very well. They have been sensitive and attentive to our requirements and have delivered to our satisfaction. Their focus on customer relationship has been commendable.

Ms. RANI DESAI
Vice President – HR Geometric Ltd.

Employees being able to get access to their salary related information through a web based self-service portal was an important factor for us. Getting a consolidated HR report across all our locations was a tough challenge, but this was made easy by the Paysquare team. Overall they have been very approachable and helpful partner for us.
